

CTAERN WORKSHOPS

The first three sessions of our Leaders in STEM series have been a big hit! Thank you to everyone who has participated!

Upcoming CTAERN courses:
CTAERN8536- Laser/Plasma

CTAERN8535- CNC Subtractive
Prototyping

Log into www.ctaern.org to register for upcoming workshops.

WINTER CONFERENCE REGISTRATION

We have been hard at work planning the upcoming winter conference and are excited to see everyone there February 2-4, 2023! For full conference details visit www.mygetea.org. Thank you to Lucretia Gant at Chamblee HS for hosting this year's conference.

[Submit your proposal here](#) to be a conference presenter! January 6, 2023 is the deadline for proposal submissions.

WELCOME FROM YOUR PRESIDENT

Greetings GETEA family!

I know it has been a busy and exciting year for everyone as we enter back into pre-COVID level of activity. I am hearing great success stories from students and teachers alike. Our theme for this year is #KeepClimbing. As we enter into the midpoint of the year, I want us to remember why what we do matters. Think about the students that are close to you and the opportunities that you have been able to provide for them. You are truly doing great work! I recently reviewed a college application in which a former student told how their engineering class and TSA provided an opportunity to learn new skills, develop self confidence, and find a second family. It is a strong reminder that we can be one of the biggest influences in someone's life. So even though we are all tired, we press on. I am looking forward to seeing everyone at our upcoming conference. Let's keep climbing together!

Thanks!
Eric Knapp
